RELEVANT NOTICE

Embratel Participações S.A. ("Embrapar"), a publicly-held company, headquartered in the City and State of Rio de Janeiro, at Rua Regente Feijó 166, Centro, under corporate taxpayer's ID (CNPJ/MF) 02.558.124/0001-12, as the controlling shareholder of Empresa Brasileira de Telecomunicações S.A. ("Embratel") and Net Serviços de Comunicação S.A. ("NET"), a publicly-held company, headquartered in the City and State of São Paulo, at Rua Verbo Divino 1,356 - 1º andar, Chácara Santo Antônio, under corporate taxpayer's ID (CNPJ/MF) 00.108.786/0001-65, pursuant to Instruction # 358/02 issued by CVM, publicly announces the following relevant notice: :

As announced in the Relevant Notice dated November 22, 2005, NET and Embratel, entered into a telecommunication service agreement ("Service"). During the implementation process the companies evolved to a partnership model that includes sharing of operating results with the objective of providing triple play (video, broadband and voice) service for potential clients that are covered by NET's bidirectional network, optimizing synergies.

This development is consistent with NET's initial strategy, as it will offer triple play without increasing the company's investments in infrastructure installed at the consumers' residence for the voice service. NET will also manage the operation, which should strengthen its video and broadband businesses. Embratel maintains its growth strategy at the local telephony residential market using NET's bidirectional network and sales and customer service expertise for that market segment. As a result, at this date, the companies celebrated, a Memorandum of Understanding ("MOU") that outlines the new business model for delivery this service.

This MOU was prepared envisioning the new service offering, joining Embratel's expertise on rendering voice service and NET's expertise on the residential market it operates. NET will be responsible for the following processes: sales, installation, call center and customer relationship. Embratel, will provide telecommunication infrastructure investment.

This partnership between NET and Embratel confirms NET's commitment of connecting customers through its cable network offering an integrated portfolio of high quality services.

São Paulo, February 08, 2006.
